## Chapter 9 Legal aspects for functional feed ingredients in the EC

The results indicate that claims had little effect on consumer perception of food healthfulness. The raw materials used in Flex are not hazardous substances.

### ingredient

On the label of pet foods for dogs and cats, individual feed materials can be replaced by ingredient categories. Many animals mistake plastic waste for prey, for example fish can confuse plastic pellets for plankton, birds may mistake pieces of plastic for cattlefish or other prey. Member States shall designate a single authority responsible to coordinate the cooperation and the contacts with the Commission in this area.

### Legislation

Ltd IN-ORG-012 OneCert Asia Agri Certification private Limited IN-ORG-013 SGS India Pvt.

### Recommendation for second reading on the Council position at first reading for adopting a regulation of the European Parliament and of the Council on novel foods, amending Regulation (EC) No 1331/2008 and repealing Regulation (EC) No 258/97 and Commission Regulation (EC) No 1852/2001

The Commission may, in accordance with the regulatory procedure referred to in Article 19 2 , adopt appropriate transitional measures for the application of paragraph 1 of this Article. The Commission shall divide the requests between the Member States proportionally with the number of

votes of each Member State in the Committee on organic production.

### **Texts adopted**

Evidence of use over a period of 30 years pursuant to sentence 1 number 4 can also be provided if no special authorisation has been granted for placing a medicinal product on the market.
