Let's not forget Turkey's political prisoners in the face of COVID19 threat

There will be no independently elected member of the board and the cabinet will appoint both the chair and the deputy chair. While rights groups have welcomed some of the new measures to keep inmates safe from coronavirus, such as alternative incarceration or home arrest for those over 65, those with pre-existing conditions and female prisoners with young children, political prisoners have been very. And they blindfold them again on those sacks.

Opposition lawmaker's report reveals 339 cases of torture in Turkey in October

They say that they have been tortured heavily. This stranglehold is reflected in Kurdish literature.

Inmates subjected to inhuman treatment, torture in Turkish prisons: opposition

To date, arrests in Kurdish provinces have totalled 81,634. Human Rights Watch is concerned to report an increase in allegations of police torture or ill-treatment of detainees, including children, in southeast Turkey over the past nine months, and over the past five years a pattern of widespread police ill-treatment of demonstrators and excessive use of force to disperse protests.

Judicial reform packages legitimise torture, consolidate autocracy in Turkey

Since he was the guest of honour the floor was his and he made it his in no uncertain terms. Hundreds of people were taken into police custody and at least 24 were remanded in pre-trial detention.

Let's not forget Turkey's political prisoners in the face of COVID19 threat

The government has begun issuing for political prisoners at an accelerated rate over the past six months, possibly indicating that the Assad government is closing the books on those it has killed. Several provincial governors continued to use extraordinary powers contained in a law introduced after the end of the state of emergency to restrict the right to peaceful assembly. Similar questions should be asked about the number of disciplinary investigations to date and the outcomes and nature of the penalties or sanctions.

Prominent human rights advocates call on Turkey to release political prisoners

This episode led the father Altan to write a much-acclaimed novel, 'Grand Detention', describing the brutality and immense intolerance of those dark days. By 1462 he was at war with the Ottomans.
