For diabetes, were present age-group specific estimated by study and sex groups with adjustment for BMI.

Technical and Vocational Education and Training (TVET) and Career Guidance: The Interface

Students were expected to memorize the Qur'an as perfectly as possible. But these cognitive skills are becoming part and parcel of the occupational profile. There was the same reserve, on grounds of moral seriousness, toward music and dance—arts suitable for professional performers but not for freeborn young men and least of all for young aristocrats.

Technical and Vocational Education and Training (TVET) and Career Guidance: The Interface

Urban schools In the cities, on the contrary, the schools offered to all the clergy who so desired the means of satisfying their intellectual appetite. Although these testing programs have served some useful purposes, they do not measure a broad scope of knowledge.
