The Last Taboo: Opening the Door on the Global Sanitation Crisis

Don't get me wrong - this is an interesting and fulfilling book for someone like me, but may be a bit dry or technical for someone who is simply interested in getting inspired or interested in the field more generally. In 7 chapters, they collaborated to provide a comprehensive overview of the history of the disposal of human waste, discuss how urbanization contributed to the sanitation crisis and the lack of response from local governments, describe programs that have developed with local support to address sanitation, detail the development and design of toilets, describe social marketing efforts to increase acceptance and use of toilets and their counterparts, detail the economic implications for sanitation programs, and outline a rationale for continuing to discuss a topic formerly been regarded as taboo.

The Last Taboo: Opening the Door on the Global Sanitation Crisis

Except in schoolboy jokes, the subject of human waste is rarely aired. We talk about water-related diseases when most are sanitation-related - in short, we don't mention the shit. In 2008, the International Year of Sanitation, the authors bring this awkward subject to a wider audience than the world of international filth usually commands.

The Last Taboo: Opening the Door on the Global Sanitation Crisis by Maggie Black, Ben Fawcett

Except in schoolboy jokes, the subject of human waste is rarely aired. Department of Health and Human Services, the Public Health Service, the Centers for Disease Control and Prevention, or the authors' affiliated institutions. Published with UNICEF 'The authors truly deserve credit for bringing out into the open a subject we instinctively avoid.'

The Last Taboo: Opening the Door on the Global Sanitation Crisis by Maggie Black, Ben Fawcett

The Last Taboo: Opening the Door on the Global Sanitation Crisis. It is the principal reason for the spread of diarrhoeal diseases and the toll they take on human lives.

The Last Taboo: Opening the Door on the Global Sanitation Crisis by Maggie Black

For more information on CDC's web notification policies, see. Use of trade names is for identification only and does not imply endorsement by any of the groups named above. Published with UNICEF I read the first half of this book as required reading for a class, and didn't like it at all.
