### The Trial of Henry Kissinger by Christopher Hitchens, Paperback

An unelected official in the United States is meeting with others, without the knowledge or authorization of Congress, to plan the kidnapping of a constitution-minded senior officer in a democratic country with which the United States is not at war, and with which it maintains cordial diplomatic relations. There is only one way war will end. The only sensible path for sincere and courageous souls is to work towards a replacement of the central government model of governance.

### The Trial of Henry Kissinger by Christopher Hitchens, Paperback

And the irony of all this is that despite all the evidence indicating there is more than adequate evidence of Kissinger's culpability and participation in many acts of genocide and murder, Kissinger is still held in such high esteem by so many unsuspecting Americans. How did Silverstein expect to demolish the building safely when such a process takes weeks or even months to properly set up.

### The Trial of Henry Kissinger

The eyes of fear want you to put bigger locks on your doors, and buy guns, close yourself off.
