## The diversity of pathways to childlessness in the Czech Republic: The union histories of childless men and women

In southern Europe and the former state-socialist countries of Central and Eastern Europe, the rise in levels of childlessness is a more recent phenomenon.

## Four Decades of Trends in Attitudes Toward Family Issues in the United States: The 1960s Through the 1990s

Yet the ways in which material disadvantage, social norms, and demographic variables interact to sustain or alleviate childlessness remain little explored. *Psychological Bulletin*, 95 3 , 542-575.

## Cross

In: Walter J, Schofield R, editors. Studies characteristically focus on only one or two aspects of psychological wellbeing, typically measures of psychological distress.

## 10 Research on the Demography of Aging in Developing Countries

Biro Pusat Statistik; Jakarta, Indonesia: Unpublished report. The lower part of shows that remarriage is more frequent among childless women: two-thirds of the childless, but fewer than half of mothers, have married more than once.

## 10 Research on the Demography of Aging in Developing Countries

Contributed papers session I-IV pp. Attributes such as income may be more important in the partner selection process, or more strongly associated with the desire for family formation than higher education.
