More About Georgian Hazelnut

Our partners are both producers of different products from a hazelnut, and at the same time wholesale companies around the world. These nuts can be eaten in different ways, from raw to roasted forms. Using hazelnut oil is a wonderful way to benefit from its effects on the skin.

Hashevaynu

Anakluri — this grade is found in all regions of Georgia, but among the varieties that are common in Megrelia and Abkhazia, both quantitatively and qualitatively occupies the first place. They are also rich in proteins, containing about 14% of its total content. Nems — distributed mainly in Guria Ozurgeti , in Megrelia and in Lagodekhi.
