**Empowering Indian women to take their place in the workforce**

She has won the National Award and numerous Filmfare awards. They work independently from any governmental organization.

## Women Empowerment in India: An In

It supports the Government schemes and regulations in achieving global standards of gender equality, and it works closely with other parallel organizations and governments to design and implement policies, laws, and services that benefit women towards gender equality in India.

## Empowering Indian women to take their place in the workforce

The significant causes of gender disparity, such as poverty, illiteracy, unemployment, social customs, belief, and anti-female attitude, are discussed below: Poverty In India total, 30 percent of people are below the poverty line; 70 percent are women.

## 10 Inspiring Indian Women Who Became Role Models Of Empowerment

The government is doing its best with progressive programs such as the Skill India Mission.

## Women Empowerment: A Reality Check!

Gender parity is used to measure gender balance in a given situation that can help achieve gender equality but is not the aim. Therefore, women cannot be economically self-sufficient due to unemployment. Also, there is good news when it comes to Short Term Skill Development Training.
