**Buildings of England: East and West Suffolk by James Bettley and Nikolaus Pevsner**

Just beyond the viewing point, a track leads down to the marsh.

**Derelict barn transformed into gorgeous, light**

Stone certainly isn't a common mineral in these parts.

**Bridge 17 Apartment Homes**

Standing at the heart of agrarian economy, villages provided the population of a kingdom with the most important product during the middle ages — food.

**University**

Ms Jest had insisted 'enough is enough' after he submitted the plans for the chapel and he has also built a pub and a wildlife pond, which locals suspect is being used as a swimming pool.
