A Dictionary of Narratology : Nebraska Press

Paris: École des Hautes Études en Sciences Sociales, 2005.

A Dictionary of Narratology : Nebraska Press

The book is well cross-referenced and it contains a carefully selected bibliography of the essential works in the field. In order to present an organic, systematic, and integrated combination of both the fields to develop a new research area, namely post-narratology, this book has an important place in the creation of a new research area and has an impact on both narrative generation studies, including AI and cognitive science, and narrative studies, including narratology and literary theories. In Part I, forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose.
