Strategic business opportunities in the growth triangle / Caroline Yeoh ... [et al.]

Threat of New Entrants: This threat is significant as there are very few barriers to entry in a consulting market. **Market Size:** The size of the market is an important factor. We differentiate ourselves in the following ways: Focus on small business.

Marketing Strategy Sample Business Plan

CSG will need to focus on how to capture the most out of the existing market, even if it declines in size, before thinking about expanding.

This record was broken again in 1999 as the overall small business market grew 1.

Our Strategy

Status-quo Status-quo strategies often focus on maintaining the existing performance of a business and can include such elements as acquisition of potential companies that pose a threat to the existing business, work with regulators to develop business entry barriers, etc. The Cambridge Strategy Group is exclusively focused on small businesses. We employ active portfolio management and continue to rebalance our holdings to crystallize value.

Strategic Planning Process

Potential for Profit: The potential for profit in this segment is very high. By combining the marketing and management experience, small business focus, and local presence in key markets, the Cambridge Strategy Group will help the growing number of small businesses increase their chances for success.
