It later becomes an important term took on different forms within the contact zones. While cultural modernity literary modernity included is deemed a world-historical process irrespective of differences among nations and cultures and may assume a general paradigm of development, the course it takes nevertheless differs from culture to culture as a result of confrontations between internal and external.

PØÍRÙSTKY V KNIHOVNÌ

The vague image it projects into the mind is not of a huddled and defenceless body, but of a balanced, prosperous, and confident body: the body re-formed. To expand his stock his photographers travelled to country towns to create new views for sale. The identification and expansion of the Self are clearly anthropocentric in character, structure, and goal.
