I could not put the book down and that is down to how the book is written. An experienced and respected leader, Nimitz was also an effective military strategist who directed U. Indeed, there are a whole catalogue of titles dealing with the possibilities, the associated issues, and with the substance of arguments surrounding all of the varied possibilities, which seem to have endless permutations and countless variations.

**Days of infamy : MacArthur, Roosevelt, Churchill, the shocking truth revealed : how their secret deals and strategic blunders caused disasters at Pearl Harbor and the Philippines (Book, 1994) [satis.farmjournal.com]**

Spine creases, wear to binding and pages from reading. Potter knew Nimitz, and was part of a team who collaborated with him and others as a history of sea power.

**Days of Infamy: Macarthur, Roosevelt, Churchill**

Yet the book spends much more energy and time covering the ways in which the diplomatic and military miscalculations on the part of both Roosevelt and Churchill played almost perfectly into the hands of the Japanese. From Booklist: Costello's second investigation into the advance warnings of Japan's attack on Pearl Harbor rivals the investigation of the JFK murder for devising conspiracy theories to account for what happened. Also discussed here is the half million dollar payoff that the Philippine Government gave to MacArthur as he departed the islands, as is the desire of the Philippine government to try to maintain their neutrality, an exercise in futility that may have played fatefully into the hands of the Japanese, and which the author suggests may have influenced MacArthur in his decision not to attack or save the pacific-based American planes

under his command.
