The second major threat to U.

**Media Assault on Latin America**

The catch-22 of the situation is that because of their very weakness, these developing states are hard pressed to generate strong popular participation. Agency for International Development, Departments of Defense, Justice, Homeland Security, Treasury, and Commerce, among others. In May, Fidel Castro declares that Cuba is a socialist state.

**Latin America**

Cuba aims to find new sources of trade, aid, and foreign investment, and to promote opposition to U.

**Cuba**

Quoting again from Howard Wiarda: Among the most important influences brought by Rome to Hispania was its concept of law. Cuba's once-ambitious foreign policy has been scaled back and redirected as a result of economic hardship and the end of the Cold War.

**Application of the Thompson schema to the current controversy over Cuba**

Another factor, of course, is that typically these developing countries also have weak economic systems incapable of generating sufficient

meaningful employment opportunities, for the young in particular. Despite a traditional attitude of benign neglect, U. The dramatic shift leftward can be seen as an entirely predictable response to years of economic failure, political corruption and unpopular US policies, especially the neoliberal economic model so associated with American-style capitalism it has been dubbed the Washington Consensus.

### **Cuba after the Castros: Three questions**

Government pays attention to and interacts with the key actors in Latin America. Among the most pernicious effects of this developmental delay is that Latin America is the most violence-prone region of the world, besting southern Africa. Chinese economic expansion globally has come at the direct cost of U.
