## Silver Beads

You can save yourself a lot of trouble by purchasing real sterling silver jewelry from a genuine and reputable jeweler such as Prjewel. The reason silver needs to be combined with other metals is that it is very difficult to make great designs with just pure silver, which is very soft and malleable. Fine silver is lustrous and white and can be formed into delicate, beautiful jewelry pieces.

## Wholesale Silver Jewelry

I create amulets for the symbolic soul. This adds value to the piece and prevents tarnishing. Tiffany HardWear is elegantly subversive and captures the spirit of the women of New York City.

## Jewelry Making Supplies

Bead, glass rhinestone and silver-plated brass, clear, 5x2mm rondelle.
