Give students choices — writing a letter to the main character, creating a book jacket or a board game based on the book.

How to Succeed in High School with ADHD: Homework, Organization & Study Tips

Just as you assign a place for your physical possessions, you should designate a time for each of your commitments. If they struggle to keep track of assignments or deadlines, consider hiring a coach. This tool asks basic questions about the topic and organizes material visually to help with memory recall.

ADD and the College Student : A Guide for High School and College Students with

Try to teach the problems to another student. Include all family events and obligations, so that your teen can add them to his personal schedule. Ask your teacher for more practice problems.

How to Succeed in High School with ADHD: Homework, Organization & Study Tips

Always carry an appointment book or electronic calendar — a planner or a smart phone works.
