## Preventive Cardiology & Rehabilitation

State-of-the-art monitoring equipment and a variety of exercise equipment are available for your safety and convenience. The Johns Hopkins promotes skill-building for preventive measures such as diet, exercise and medication habits. Have you had a stroke or any other cardiovascular issues before? She also adds that over time, someone's circumstances or health needs may change, which may also mean the plan may need to be tweaked as well.

## Penn Preventive Cardiovascular Program

Having food and lifestyle habits in place that support heart health is, of course, beneficial for everyone.

## Cardiologist

How are you managing the stress in your life? When problems are identified, they are met with the caring use of detailed dietary and exercise advice, coupled with the appropriate use of pharmacologic therapies when indicated. What do you like to eat? Share says, adding that it is usually done on patients who don't have any symptoms of heart disease, but may be at risk for getting it.

## PCNA

If appropriate, you can also get a prescription sent to the pharmacy of your choice.

## Preventive Cardiology

What happens between you and your doc, then, is completely personalized. Cardiovascular disease is the number one killer of men and women in the United States.

## Cardiologist

To a great degree, your health is a product of the choices you make every day about what to eat, how much to exercise, and how much you know

about your risks of disease.
