South Africa's Key economic policies changes (1994)

Ebenhaeser land claim settlement ceremony The handing over of these title deeds is a historic occasion, because it includes the first ever settled land claim in the Western Cape to descendants of the Griqua people.

Land reform

Yet most can barely survive without. The committee will now apply its mind before considering a draft interim report later this week. The Covid-19 crisis represents an opportunity for all stakeholders to consider what is required for the country to move ahead successfully and with conviction.

Policy Change and Economic Growth : A Case Study of South Africa

The crisis has opened-up areas for reforms, which have been pending for years, as well as for addressing weaknesses undermining effective government. The PE ratio represents how much investors are willing to pay for R1 of earnings.

Developing an Inclusive South Africa

Other interventions are better integrated transport planning and land use, as well as strengthening regulatory framework in support of competition in the minibus taxi sector. We appreciate the patience and the perseverance of claimants, but recognise that much more needs to be done and with greater urgency. But the issues of labour market reforms, industry concentration, weak state capacity and the management of state-owned enterprises have to be elevated and addressed adequately.
