This is not the place to go into the exact nature of Japanesetaste, for this only shows itself in its sharpest definition duringthe classic period of Japanese, painting, which preceded theeighteenth century, the era of wood-engraving. Theartist conveys it to the paper, not by means of a pen or pencils in Europe, but by means of a brush, either in outlines of theutmost delicacy and precision, to be filled in with colour whereneeded, or else in broad masses which receive no further contour, but on the contrary are the embodiment of the greatest imaginable freedom of artistic touch. The ground having been so thoroughly prepared, the ParisExposition of 1867 became in due course the scene of a decisivetriumph for the art of Japan.

The most varied effects may be attained by varyingthe intensity of the colour, the proportion of water added to it, and the pressure applied to the print. Brinckmannhas pointed out that two years, 1804 and 1823, are conspicuousfor their large output of finely printed surimono. With a fine line, fl.

Ukiyo

At times Matabei has been credited as the artist of the unsigned , a folding screen that may be one of the earliest surviving ukiyo-e works.

Woodblock Prints for Sale

Colour printing arrived in books in the 1720s and in single-sheet prints in the 1740s, with a different block and printing for each colour. Packing and shipping costs will be quoted at cost. Paint with spontaneity, freedom and boldness.
