Table 31: Key Experts: Model Program Components Addressing Social and Cultural Issues Number of key experts who answered this question: 24 Model Program Components Addressing Social and Cultural Issues Number of Key Expert Responses Involve peers from senior's culture 6 Education 5 Appreciate cultural differences 4 Outreach 3 If social networks are based on problematic substance use, seniors may face the difficult task of developing new social networks. For example, one social worker in Utah provides services to welfare recipients in five counties, which

Filesize: 39.77 MB

limits the accessibility of the social worker in each of the offices and reduces the time the social worker can meet with clients.

### **Transforming the Mental Health System**

Participants who are deferred from the work requirements are still subject to the time limit.

### **Comprehensive Mental Health Services, Inc.**

Linking Clients to Existing Community Mental Health Treatment Services In Florida and Oregon, the primary purpose of mental health services is to identify clients with mental health conditions through an assessment and link them to mental health treatment providers within the community.
