That a signified can itself play the role of a signifier is familiar to anyone who uses a dictionary and finds themselves going beyond the original definition to look up yet another word which it employs.

**A Short History of Linguistics**

Pursuing this functional approach, he notes elsewhere that the 8.

**Ferdinand de Saussure**

If we turn to the index at the back of the Ecrits that Jacques-Alain Miller has carefully compiled, we find references to the mirror stage stretched throughout the papers that comprise the Ecrits. . .

**Professor Raymond Tallis Non Medical CV**

It's an examination of why artists create them in the first place and why we all feel the need for them. Umberto Eco uses the phrase 'unlimited semiosis' to refer to the way in which this could lead as Peirce was well aware to a series of successive interpretants potentially ad infinitum.

**Raymond Tallis, Not Saussure: A Critique of Post**

. However, to reiterate: the signifier or representamen is the form in which the sign appears such as the spoken or written form of a word whereas the sign is the whole meaningful ensemble.

**Saussurean Structuralism**

Yes, Derrida and Lacan are still referenced in the humanities, but almost never through a framework of linguistic idealism that was prevalent in the 1980s. Lodge, David, *After Bakhtin: Essays on Fiction and Criticism* Routledge, 1990. .
