Comparative constitutional history

The following example illustrates the process by which Japanese writers influenced conceptual issues through translation. In the 1970s when I began teaching college in Tokyo, I noticed a change. What the latter institutionalized, it should be remembered, was not the American Revolution, but the mild but real counterrevolution that followed it.

The editor cleverly said not to worry, they did not want a scholarly piece on constitutional law, but rather a book review of this particular book, whose contents happened to be the Constitution plus photographs.

MacArthur's Japanese Constitution : a linguistic and cultural study of its making / Kyoko Inoue

Although often labeled a fascist, Kita Ikki considered himself a modernizer. Central issue here is the collective security of the United Nations that would enable all countries to disarm, and resolve their conflicts peacefully.

The pacifist and 1911 Nobel Peace laureate Alfred H.

Who Saved the Emperor? on JSTOR

Ikki insisted that the Emperor of Japan was the keystone of the Japanese state. Why did this exercise in democracy building succeed when many others have failed? This will be worth 75% of your grade for the course, and will be due during finals week, on a day we agree on in class. Read in this way a constitution will be seen to have a momentum, a pull, a tension built into its structure.

MacArthur's Japanese Constitution: A Linguistic and Cultural Study of Its Making — Brill

After all, the commander, who has the power to alter or rescind his commands, cannot also be bound by them. Some argued that Article Nine would keep Japan out of the United Nations by precluding Japan from contributing to international peacekeeping and thus, be ultimately self-defeating. Furthermore, at a time when research on atomic bombs and other powerful weapons is continuing unabated, there may be people who think that the renunciation of war is utopian nonsense.
