The H.J. Andrews Experimental Forest: Seventy Years of Pathbreaking Forest Research

Cooperation and sharing of information on the owls was considered to be a very important step in managing spotted owl habitat.

Regional synchronicity in fire regimes of western Oregon and Washington, USA

Forest landscapes of the Pacific Northwest may have exhibited high spatio-temporal variability even when large areas are considered. Highway 26 to be managed primarily for the protection or enhancement of scenic qualities; and 2 management prescriptions for other resource values associated with these lands to be planned and conducted for purposes other than timber harvest, so as not to impair scenic qualities in the Corridor. Ideally it provides the holistic point of view needed for successful forest management.

A special thank you to the River House Outdoor Center of Eugene for the use of their kayaks and local guides.

Oregon National Forest and BLM Maps

Fish habitat was improved, but new problems regarding road construction and timber management impacting fish habitat are being expressed by the sport fishing and environmental groups. If a person has no appreciation for the wealth of a thing or a place, then maybe it is best that they not be able to have it. One person exclaimed that about an hour earlier approx.

Let's Go Exploring!
