This will be accomplished through the development of quality training in all subjects identified as necessary for the discharge of the department's responsibilities. Another dimension of the public's support offers the prospect of constructive reform.

## About NSF Standards

The prevalence of infectious diseases among incoming inmates is substantial, and the conditions that exist within our nation's jails and prisons contribute to the further amplification of contagious illnesses. Pretrial detainees should be allowed visiting opportunities beyond those afforded convicted prisoners, subject only to reasonable institutional restrictions and physical plant constraints.

## Chapter 127

Control techniques should be intended to minimize injuries to both prisoners and staff.

## Codes and Regulations

**Building Standards Unit** The Facilities Development Division FDD Building Standards Unit is responsible for the development of administrative regulations and building standards for the construction of hospitals, skilled nursing facilities, licensed clinics and correctional treatment centers in California.

## Treatment of Prisoners

It includes the status of being actively suicidal; severe cognitive disorders that result in significant functional impairment; and severe personality disorders that result in significant functional impairment and are marked by frequent episodes of psychosis, depression, or self-injurious behavior. Part VII: Personal Dignity Standard 23-7. In some colleges maintaining enrollments is of greater day-to-day concern than maintaining rigorous academic standards.
