Give Your Child The Gift Of Music This Holiday

Explain to your child that there there will be consequences for disobedience, if they continue listening to explicit music.

The 6 Benefits of Music Lessons

Only you as a parent will know what punishment will work best for your child, but remember to temper your rights as their parent with compassion and understanding; you were young once, too.

How to Motivate Your Child to Practice

For children younger than 3, the best parents can do is expose children to classical music daily from 15 minutes to 3 hours. Careful planning means you can develop a positive attitude towards your teaching career. With all that scheduling of practice time, parents should also remember to be flexible and read their child.

How to Motivate Your Child to Practice

Remember that even in school, to learn music you must play music, not just talk about it. The classes where you had to move around and do something are more likely to stick in your head.

Music Worksheets & Free Printables

Soothing classical music has been proven to reduce blood pressure, alleviate anxiety, decrease depression, take away general tension, and correct mood disorders — as opposed to treating these issues with prescription pills, which in turn create a litany of other problems. Tutorials for playing instruments lack the personal attention of private lessons, but may be more accessible to children who lack the time or money for traditional music

instruction. If you're on the fence about adding music classes to the list, take note of the benefits that come with signing your little one up for violin or piano lessons.

GIVE YOUR CHILD THE GIFT OF MUSIC

Of course, there may also be other personal reasons you may wish to share with your child. This is made possible by randomization and rotation features in the software that pull from the vast media resources including different pictures, audio and video that constitute Little Musician.

How to Motivate Your Child to Practice

Children in elementary school learn to sing together as a group and possibly learn to play a musical instrument. Are you looking to give your child an excellent music education? Someone will be happy to help you out! You could give points for correct answers and even for a positive attitude. Dennie Palmer Wolf, an expert in the effect of music on early childhood development, there are several reasons why music is so critical to healthy development and a successful future, starting at a young age.
