Texts that portray different family structures, young children that live in different places, and families that have different norms are affirming for students, especially those whose lives are not typically reflected during learning experiences.

Opening Doors

Stories are written to be read: beginning, middle, and end. In fact, the LA Times that every major revision in educational standards offer testing companies and textbook publishers a bonanza in new captive revenue. I was witnessing a change so profound and rapid in my son that it made me wonder how I could co-opt this magic for the dyslexic and struggling readers in my own class.
