Student Study Strategies / Time Management Skills for Adults

Manage Your Time Effective can make the difference between success and failure when you juggle education with family and work. Our pages provide generic study skills advice — appropriate to learners across all disciplines and in different life circumstances: full and part-time students, those returning to education later in life, those engaged in professional development and anybody who wants to learn how to learn effectively. You can do this in a planner, on a wall calendar, in an Excel spreadsheet, on an app, or whatever works best for you.
