### **A handbook of clinical scoring systems for thematic apperceptive techniques**

A Handbook of Clinical Scoring Systems for Thematic Apperceptive Techniques raises awareness about the availability and usefulness of TAT scoring systems for research, training, and clinical practice; provides the materials needed for learning and using the most useful available clinical systems; and facilitates their use by making independent learning and systematic research easier.

### **Paradigms of Personality Assessment**

The examiner should also consider all the data when using the TAT in a testing or evaluative setting. Journal of Personality Assessment, 72, 74-92. As stories about the cards are a reflection of both the conscious and unconscious motives of the storyteller, it is difficult to disprove the conclusions of the examiner and to find appropriate behavioral measures that would represent the personality traits under examination.
