## **Brightness Falls (The Calloway Trilogy, #1) by Jay McInerney**

Vaugh has a way of keeping you engaged enough that you can keep up with what's going on in each time line. By request of no one, Andrew returns home to help his sister separate from her husband, only to become sidetracked by a beautiful woman.

**Jay McInerney's » David Louis Edelman**

The satire is relentlessly brilliant, and often very funny. But it settles down quite quickly and once he entered the mind of Corrine in chapter 3, I was hooked. Don't worry if you lose track of things because the story line brings it all together in the end.

Finally, when the second plane hit, I just decided to leave. Perhaps it seemed that way when still fresh, and its satire still had bite.
