In the PRC, the only formal topics usually recognized are by elite academic institutions, such as the exhibition catalogue volume published by the China Central Academy of Fine Arts in 2009. Or there may be another reason. As a result, journal articles on Hong Kong design are more visible in international venues than those on Taiwanese design.

Whenever friends get together, Lin Huiyin, a handsome and talented person, is always keen in thinking, good at proposing and capturing topics, with superhuman affinity and the ability to mobilize guests' emotions, so that the topics discussed by scholars have both ideological depth and social breadth. Once he was promoted, it would mean an uphill battle once again.
