### Neutral monism

That includes those of science. Scientists who deny philosophy are rudderless tools.

### Scientism and Bertrand Russell's Neutral Monism

These sense-data are what are immediately and certainly known in sensation, while material objects like the flower that we normally think of as producing these experiences via the properties they bear color, shape, aroma are merely inferred.

### Neutral Monism (Stanford Encyclopedia of Philosophy)

Banks 2014: 147 This is how the neutral events slot into the enhanced physicalist picture that Banks favors. But I agree, if you're studying one of the sciences it's probably something you can pursue on your own time. Since the nature of these intrinsic properties is unknown, the following bold thought suggests itself.
