Sex and Sensibility (Book Review)

How a parent feels about their own body and sex will impact the nonverbal messages they convey as well as how they approach the topic with their child.

Sex And Sensibility: The Thinking Parents Guide To Talking Sense About Sex by Deborah Roffman, Paperback

Most experts agree that communication about sex ought to start when a child is very young and continue through early adulthood and beyond, into the communication of their own adult relationships. Regardless of who a trusted adult is, what matters is that this person provide the support a young person needs and deserves.

An adult who listens to what young people have to say and respects their experiences and perspectives will earn their trust. Roffman presents a very thoughtful and nearly academic case for why and how we need to be cultural guides for our kids starting now and earlier, emphasizing how important it is to determine what our own values are so we can pass them on to our kids. Look for someone you admire—someone you think you

might like to grow up to be like one day.

Sex and sensibility : the thinking parent's guide to talking sense about sex (Book, 2001) [satis.farmjournal.com]

Do we know what we want our children to think and value about sexuality, and how to combat unhealthy cultural influences? My friend was comfortable in her response, although acknowledged that she was relieved that the definition of organism, not orgasm, was what her child sought. The show glamorizes sexual and emotional abuse as well as risky behaviors; in one episode, the main character and her husband break into a mansion and outrun the police during a car chase simply for the excitement of doing so, which is suggested to be beneficial to their marriage.

Answer

She's a wonderful speaker--if you don't have an opportunity to hear her speak in person, this book does a really good job of representing her thoughts and ideas. This epitomizes trash TV; it's a soapy melodrama could be interpreted either as emotional or hilarious depending on the viewer's interpretation.

Sex and sensibility : the thinking parent's guide to talking sense about sex (Book, 2001) [satis.farmjournal.com]

Really a thoughtful approach to educating our kids about sexuality and sex. Sexual health: five universal needs along the way 9.

Deborah Roffman

Throughout the season, Billie and Cooper's problems are continually escalated by their inability to talk to each other about their feelings.
