## Who Is the Most Influential Swiss Architect?

Each window is cut through the wall in different sizes and angles, scattering ethereal colored light across the room. He seemed to prefer the image of a solitary and persecuted genius.

## 14 Facts You Didn't Know About Le Corbusier

Le Corbusier later hailed the painter and architect as his mentor. Completed in 1931, this building was revolutionary: the use of reinforced concrete required for fewer load-bearing internal walls, allowing for an open-plan design. .

## Spotlight: Le Corbusier

Coming into their own as artists, the pair rejected the Cubists' fragmented aesthetic for a more stripped-down, machine-driven style they called Purism.

## Top 10 Must

They encouraged their son to study decorative arts in the hope that he would also become an engraver of watchcases. Le Corbusier died suddenly in 1965 while swimming. That should be the symbol of our epoch.
