The Intellectuals and Socialism

While no socialist theorist has ever been known to discredit himself with his fellows even by the silliest of proposals, the old-fashioned liberal will damn himself by an impracticable suggestion.

Duke University Press

Thomas Higginson, and John Dewey, the father of progressive Education, worked to establish the Intercollegiate Socialist Society, which had chapters at Harvard, Princeton, Columbia, New York University, and Penn. They maintained that if the Russian peasants were supported in their desire to take over the nobility's land, their communal traditions would lay the foundations for a socialist order.

Fabianism and the Intellectual Roots of Socialism

The typical intellectual need be neither: he need not possess special knowledge of anything in particular, nor need he even be particularly intelligent, to perform his role as intermediary in the spreading of ideas.

How would intellectual property work in a Socialist society? : socialism

It is the same endeavor toward a synthesis, pursued more methodically, the same judgment of particular views in so far as they fit into a general system of thought rather than by their specific merits, the same striving after a consistent worldview, which for both forms the main basis for accepting or rejecting ideas. It is of the nature of the intellectual's job that he must use his own knowledge and convictions in performing his daily task. What appeal to him are the broad visions, the spacious comprehension of the social order as a whole which a planned system promises.
