Nonfiction Book Review: Inside American Education: The Decline, the Deception, the Dogmas by Thomas Sowell, Author Free Press \$57 (384p) ISBN 978

He is critical of values education and ethnic studies, claiming that they brainwash students. And what of the fact that remedial courses are now de rigueur in institutions of higher learning, documented as far back as October 1977 by Art Buchwald? Stumbling over words and not deciphering their meaning results in muddied comprehension. It was not very interesting and I find myself getting bored when I had to read the chapters.

Education Failing Young Americans... Yet Again

How is it, for example, that a racially homogeneous nation like Japan could have its students better educated than those in the U. It is a dismal picture.

THE SPLINTERING OF THE AMERICAN MIND

What, then, does make a difference? Inside American Education: The Decline, The Deception, The Dogmas, The Free Press, New York, 1992. Taxpayer money shores up the massive bureaucracy involved as schools knowingly break immigration law.

Inside American Education: The Decline, The Deception, The Dogmas

. There is no actual debate on a topic; the point of view is pre-determined.

Inside American Education by Thomas Sowell (1992, Hardcover) for sale online

On the subject of higher education, Sowell moves to more familiar ground, ascribing the declining quality of classroom instruction to the insatiable appetite of tangentially related research budgets and bloated athletic programs to which an entire chapter, largely irrelevant to the book's broader argument, is devoted. In 2010, described how illegal alien students now feature prominently in many colleges.
