Gigantic rallies sponsored by the revisionist Emergency Conference to Save the Jews of Europe packed Madison Square Garden and Carnegie Hall in June and July. These elements of convergence and divergence suggest how a research agenda on war as a source of state and social transformation might usefully incorporate the experience of late-developing states. In March 2018 alone, at least 23 Palestinians were killed in, and 3,685 have died in the civil war; however, the media has never been interested in Arabs killing Palestinians.
