He was baptized on 4 July 1712, in the great cathedral. John Darling's 1994 book Child-Centered Education and its Critics portrays the history of modern as a series of footnotes to Rousseau, a development he regards as bad. Thus, even those who receive the apparent love and adulation of their inferiors cannot thereby find satisfaction for their amour propre.

When I came home I put them in a letter, and showed it next day to Helvetius and the Duc de Nivernois; who were so pleased with it that, after telling me some faults in the language,. Rousseau opposed the idea that the people should exercise sovereignty via a Book III, Chapter XV. This would have led to the creation and perpetuation of the 'hoax' of the political system by the rich which perpetuated their power.
