## Iktishāf qaṣr Shabīb wa

The results indicate that radiators with vertical tubes have better efficiency up to 10% than radiators with horizontal tubes.

## Majlis al

. Temperature variable properties are used to solve the governing equations. Radiators with vertical tubes have better efficiency than those with horizontal tubes.

## al

These islands are the sites of identity in formation, places of experimentation and architectural invention. The finding shows that an increase in the Nano-fluid concentration improves the Nusselt number and increases the pressure drop. An afterthought in the political maneuverings of their respective coasts, tell an alternative narrative to the one which drives conceptions of the region.

## كريمي، علي [WorldCat Identities]

They represent a possibility greater than spaces of political contestation and hesitant demarcation.

## al

Investigating efficiency of horizontal and vertical radiator using experimental data. Hundreds of islands dot the waters between the Arabian and Persian shores.

## Iktishāf qaṣr Shabīb wa

These islands are the sites of identity in formation, places of experimentation and architectural invention.
