## Pediatrics: PreTest® Self

The popular Pediatric Drug Formulary, updated by Carlton K. Learning features, illustrations, and diagrams highlight key terms and concepts for quick reference and reinforcement.

## Pediatrics PreTest Self

Concise descriptions, clinical correlations, numerous figures, and nearly 100 tables detail the essentials of pediatrics, accompanied by case-based review questions at the end of each chapter and a comprehensive end-of-book exam to build test-taking confidence and help your students excel in clerkship. Overall, I found the content and depth of questions were analogous to the exam. You'll find 500 USMLE-style questions and answers that address the clerkship's core competencies along with detailed explanations of both correct and incorrect answers.

## Pediatrics : PreTest self

The editors were Catherine A. Easy to use, concise, and complete, this essential manual keeps you current with new guidelines, practice parameters, pharmacology, and more. All items have been reviewed by medical students who successfully finished their clerkship to ensure that subjects and issues align directly with updated clerkships.

## Pediatrics: PreTest® Self

The production supervisor was Richard Ruzicka. Prep for the Shelf Exam, Ace the Clerkship! Each case includes a complete discussion, clinical pearls, references, and USMLE-style review questions with answers. Except as permitted under the United States Copyright Act of 1976, no part of this publication may be reproduced or distributed in any form or by any means, or stored in a data base or retrieval system, without the prior written permission of the publisher.
