And during the entire four years of negotiations between the UK government and the European Union, it was THE biggest single issue to finding a Brexit deal. All over Northern Ireland, plans were made for protests against the continuing violence. On this Hume would build a series of requests that the European Parliament and Commission could endorse, much to the chagrin of the British.

However, the world-renowned peace process did not really solve the Border issue so much as postpone it, or at least give citizens of Northern Ireland the ability to ignore it. Local youths responded by throwing stones at the marchers leading to a riot between the inhabitants and police forces that lasted three days, ending with the deployment of British troops to Northern Ireland. Her mind shattered, and haunted by images of the three children she never saw again, she finally took her own life 41 months later.
