The Dutch Painters

Though his work certainly merits consideration alongside that of any of his countrymen, there are several reasons why he has stood apart from them.

His first big financial success was *Planet of the Apes*, in which he had to produce realistic performances from actors in monkey suits. Though his cinema is marginal in terms of general audience appeal, Schroeter has been a seminal presence in the New German Cinema of the 1970s. But what sticks out like a sore thumb is his extensive collections of romances, obviously part of a deliberate acquisitions policy.
