Tags: #Should #We #Be #Exploring #The #Oceans #Instead #Of #Space?

Exploring the sea

We are still playing video games, but today's games have become faster, more exciting interactive adventures.

Undersea exploration

We can only imagine what new underwater technologies will accomplish 50 years from now.

Exploring the Salton Sea, Niland, California

The deck shape is entirely unconstrained by the hull shape, as is the case for conventional surface vessels.

How Much of the Ocean Have We Explored?

Researchers in the field define and such properties; prepare maps in order to identify patterns; and utilize these maps, measurements, and theoretical models to achieve a better grasp of how the Earth works as a whole. . The findings can help scientists to address both current situations and to predict the future situations that may emerge.

Ocean Exploration: Timeline

The Salton Sea is the largest lake in California, created when irrigation canals from the Colorado River broke.
