Certificates issued since 1995 are valid for 10 years and all requirements must be met in order to continue certification for an additional 10 year period.

Privacy Policy

ABS considers only the certification, recertification and Continuous Certification status of applicants and diplomates to be public information and regards all other information about applicants and diplomates as private and confidential. Board certification serves as an important marker for the highest standard of care. Applicants who have not successfully completed the certification process within six years of completion of their urology residency or who have failed either the Qualifying Part 1 Examination or Certifying Part 2 Examination three times must repeat and successfully complete the urology portion of an ACGME accredited urology residency program in order to re-enter the certification process.
