Domestic Manners of the Americans by Frances Milton Trollope

Rarely do they live past 30. However, the descriptions of the newly settled Ohio and surrounding areas are beautiful, and Mrs. She is also critical of herself, repeatedly pointing out her failure to adequately describe what she is seeing, or understand what is happening.

Had Dante seen it, he might have drawn images of another Bolgia from its horrors. These notes were contributed by members of the GradeSaver community. She describes a people whose belief in equality produces a contempt for both service and immigrant poverty but no repudiation of slavery, and generates an unwillingness both to dispense charity with generosity and to receive it with grace.

Nothing is so easy as speculating in our closets on the probable effects of any given arrangement of public affairs; and if the results of such imaginary politics were confined to the Utopias in which their ingenious authors gave them birth, we should have no objection to their theories.

They were not nice things.
