From 2010 to 2015, he became the assistant director for the Akron Public Library.

### Mortuary Affairs

The XO, a Noncommissioned Officer, in addition to his duties as an assistant Platoon Leader, was responsible for final inspection of identification and burial records, including forwarding records and data to Company Headquarters, furnishing the draftsman with ID data, and the Section leaders with information concerning the location of Collecting and Clearing Stations. Signing the papers and looking through the property of a young soldier, I discovered the photo of a nude woman in his wallet.

### Mortuary Affairs

When graves registration troops reached Normandy on the afternoon of June 6, hundreds of bodies littered the beaches; high tide washed corpses ashore, and low tide revealed men trapped under wrecked vessels and beach obstacles.

### BillionGraves

The army sent the 612th to England in early 1944—along with the also newly minted 603rd, 606th, 607th, 608th, and 3041st graves registration companies—to prepare for the Allied invasion of France. The Buy and Sell Cemetery Lots, Burial Plots Offers National Clearing House.

### Mortuary Affairs

At the end of World War II, the Graves Registration service was again effectively disbanded. Managers may add links to other listings of deceased spouses, parents, and siblings for purposes. Digging graves was a back-breaking effort—work that often fell to service troops, usually African American.
