Pali Canon

Lumbini: Lumbini International Research Institute. This makes it reasonable to propose that the task described here can be considered a specific implementation of the third satipaṭṭhāna of contemplation of the mind.

Kanon Pāli

Instead, the Blessed One is equanimous and unaffected, constantly mindful and constantly knowing.

Kanon Pāli Merupakan Nashkah Utama Dalam Buddhis Theravada

However, I do not deny that different interpretations are possible. Budinom verni pratilac je dao najveći doprinos ovom konsolidovanju Kanona, a posebno Suta pitake, zahvaljujući svojoj neverovatnoj moći pamćenja.

Pali Canon

Metoda šablonizacije Budinih govora je dosegla usavršenje u ranoj budističkoj književnosti. An interpretation based on distinguishing between being subjective and objective or between the senses and their objects fails to provide a meaningful reading of this passage.

Kanon Pāli Merupakan Nashkah Utama Dalam Buddhis Theravada kagyu-asia.

Kanon Pāli

A comparative study of the Majjhima-nikāya. Manné beranggapan kalau novel ini spesialnya tertuju buat membagikan dasar yang kokoh dalam pengajaran pada para pengikut terkini, dengan jumlah ceramah serta diskusi yang banyak. Annual Report of the International Research Institute for Advanced Buddhology at Soka University, 10, 181—200.
